Error # 1: On page 18 it lists HIPPA – Health Insurance Privacy and Portability Act. It should actually read HIPAA – Health Insurance Portability and Accountability Act. I thought I had changed that, but either I failed to do so or it got changed back in the editing process.

Error # 2: Header issues in Chapters 15 and 16

Error # 3 In one sentence it reads “I works” instead of “It works.”

Error # 4 There’s an extra “a” in the first sentence of the second paragraph of page 143.

Error # 5 On page 135, the paragraph reads “I turns out”

instead of "it turns out."

Error #6 On page 76 the example uses a savings rate of 10%. It should read 12%.
