

# WCI Podcast

Don't have time to read a book or pour through endless blog posts looking for financial gems? Love podcasts and have a commute? You've come to the right place. The White Coat Investor Podcast launched in January 2017. As of July 2018 each podcast is averaging 14,000+ downloads. Join your fellow physicians and other high income professionals and [subscribe today!](#) The podcasts range from 20-60 minutes long so you can listen to one during the average commute. We do one a week, published every Thursday. Each podcast has a rant or discussion and then I answer questions listeners have sent in. You can download the podcast from [iTunes](#), [Overcast](#), [Acast](#), [Stitcher](#), or [Google Play](#). Although each podcast has a sponsor, like most podcasts, our newsletter, our blog, and our forum, the podcast is 100% free to you.

You can now speak your questions directly on to the WCI podcast. Listeners won't have to listen to me read your question. They can hear it directly from you. Go to [speakpipe.com/whitecoatinvestor](http://speakpipe.com/whitecoatinvestor) and press record. You have 90 seconds to ask your question. So if you have a question right now, go [here](#) and record it! You can still email me questions but we thought it would be fun to get more voices on the podcast.

## Get Your Question Answered

Would you like to have your voice and your question on the WCI podcast? [Submit it here](#). You need not include your name, but do keep your question short and to the point. You might want to write it down first and read it.
